

KS2 SATs results : Performance Table 2019

The majority of our pupils arrive with a history of underachievement, at times this is significant and is linked to complex needs. In a mainstream school these pupils may be disapplied from the KS2 SATs tests. At KPA we want our pupils to feel part of a larger local and national learning community and believe that they should experience as many of the aspects of mainstream/permanent education as possible. As a result of this, they all participate in KS2 SATs regardless of their levels of learning.

Test	Number who took the test	Number working at ARE (Age Related Expectations)	%age that met the expected standard
Reading	11	2	18% (2)
SPAG	11	1	9% (1)
Maths	11	1	9% (1)

Teacher assessment	Working towards expected standard	Exceeded expected standard (greater depth)
Writing	91% (10)	9(1)

Average Scale Score

Reading	91
SPAG	90
Maths	80
